The Council and the Community

Council, is a service organisation to its community, and as such its functions directly affect the members of its community. Council’s commitment is to the community it serves.

The background lineals represent community services, activities and aims and a paralleling of aspirations and ideals with service delivery.

Community Strategic Plan

Council’s Corporate Strategic Plan has been in operation since February 2001 and needed to be reviewed. Following the holding of workshops on the long term Strategic Plan the community nominated representatives to serve on a Focus Group to assist Council to develop a new plan. These representatives worked with Council representatives, both elected and staff, to develop a new plan for the next twenty (20) years which was adopted by Council on 17 April 2007.

The Plan is a Community Strategic Plan with a new “Vision”, “Achieving Our Vision” and “Goals”.

The Community Strategic Plan is to have a duration of 20 years to be reviewed every four (4) years to coincide with Local Government elections.

Name of Plan: “Kempsey Shire – Our 20 Year Vision”

Vision: “The value of our natural environment and lifestyle is preserved and enhanced by the community and council”

Achieving our Vision: “Council provides high quality services and facilities through strong leadership and considers the needs of our community, the environment and future generations.”
