

KEMPSEY
Shire Council

NOTICE OF MOTION

13th September 2005

NOM11 SPEED LIMIT ON PLUMMERS LANE
FILE: * CLR RMcW

I hereby give notice that I intend to move the following motion at the Ordinary meeting of Kempsey Shire council to be held on 13th September 2005.

"That Council approach the traffic committee to have the speed limit reduced from 100km/hr to 80km/hr for the first 1.4km of road on Plummers Lane from both the eastern and western ends."

.....
COUNCILLOR R McWILLIAM

NOTES:

At the eastern end of Plummers lane this would reduce the likelihood of accidents from vehicles towing boats while entering Plummers Lane from the boat ramp. At present traffic travelling over a blind crest on Jerseyville Bridge at 100km/hr is a danger to the traffic entering Plummers lane.

At the western end there is a history of fatalities on this section of road approximately 7 deaths in the last 20 years the most recent being about 6 months ago. With the amount of bends on this section of road some of the fatalities could possibly have been avoided with a lesser speed limit.
