

NOTICE OF MOTION

13th September 2005

**NOM7 ECOLOGICALLY SUSTAINABLE
DEVELOPMENT
FILE: * CLR JHB**

I hereby give notice that I intend to move the following motion at the Ordinary meeting of Kempsey Shire Council to be held on Tuesday, 13th September 2005.

"That a report be submitted to Council on 11 October 2005 detailing the strategies existing and those required in the application of the principles of ecologically sustainable development to the South Kempsey area, in particular the industrial area, and the CBD of Kempsey."

.....
COUNCILLOR J H BOWELL

Notes:

Council's Management Plan 2005 / 06 includes Goal, "Sustainable Development Services" is 'To facilitate development and implement plans to manage land use and to control development, having due regard to the protection of the environment and the need to encourage economic expansion'.

Under the heading of 'Economic Development' Council's strategy is to 'Develop and implement economic development initiatives, which both facilitate and stimulate business creation and expansion'.

Whilst Council's Management Plan 2005 / 06 provides service standards.

'We will promote Kempsey Shire as a desirable place for business'.

D - 2

'We will develop and implement a strategy to identify the needs of businesses in Kempsey Shire'. It is essential that Council support the survival and expansion of existing businesses.

The correct environment, economic and social issues of Sustainable Development are equally as important to the future of Shire in the case of existing businesses.

I have been advised that a program has been developed involving Gills Creek, South Kempsey with a view to rehabilitating the creek.
