

KEMPSEY
Shire Council

NOTICE OF MOTION

13th February 2007

NOM1	MOTION FOR SHIRES ASSOCIATION ANNUAL CONFERENCE
FILE: 152	CLR JHB {Folio No. *}

I hereby give notice that I intend to move the following motion at the Ordinary meeting of Kempsey Shire Council to be held on Tuesday, 13th February 2007.

"That the following motion be submitted to the Shires Association for consideration at the annual conference in June 2007.

That the NSW Government's official Transport and Population Data Centre be requested to update population projections for Local Government areas throughout New South Wales as a matter of urgency."

NOTES:

The Mid North Coast Regional Strategy released by the Minister for Planning, The Hon. Frank Sartor in January 2007 was based on a potential population increase of approximately 27% over the next 25 years.

This strategy is based on population figures five (5) years old and provides for major infrastructure projects for the next ten (10) years. In mid 2006 the North Coast Area Health Service commenced the preparation of the Kempsey Health Campus Master Plan based on a population of 27,000 with an anticipated growth of only 1,000 projected for 2016.

Council's estimates indicate the Shire's population in 2005 was 29,107 (ABS 30/06/05 28742). The result of the 2006 Census should be available in June / July 2007.

MOTION IMPLICATIONS:

- ***Environmental***

Nil

- ***Social***

Nil

- ***Economic (Financial)***

Cost of submission to Shires Association say \$60.00.
