<b>DSS4</b>	<b>BELLBROOK WATER TREATMENT PLANT – PROGRESS UPDATE ON GRANT FUNDING FILE: 1143 PA (NRN) {Folio No. *}</b>
-------------	---

### **SUMMARY:**

Reporting on the status of the grant funding for Bellbrook Water Treatment Plant

◇◇◇◇◇◇

### **DESCRIPTION:**

In the December Council meeting the awarding of grant funding for the Bellbrook Water Treatment Plant was announced.

Paperwork to finalise the grant funding has been in progress for return to the Federal Department of Climate Change and Water, to enable final document production for the funding.

The grant funding documents require the development milestones (timeframes and estimated dates) for payments and construction. Such details have been in development with the various equipment suppliers and contractors. Changes and uncertainty with the Australian Dollar over the recent months and the shutdown period for Christmas holidays, has delayed the provision of many of these prices and timeframes.

Documents are now being finalised and for return to the Minister's office.
