

NOTICE OF MOTION

14th December 2004

NOM5	KEMPSEY HIGHWAY BY-PASS
	FILE: R Pacific Hwy CLR SAUL

Notice is hereby given that I intend to move the following motion at the Ordinary Meeting of Council scheduled for Tuesday, 14th December 2004.

“That Kempsey Shire Council accept only a ‘ full bridging’ of the proposed Kempsey by-pass so that the flooding height will be raised by a maximum of only 20mm.”

NOTES:

The RTA has provided Kempsey Shire Council with data outlining their intention to build a road embankment through the Lower Macleay. It is stated that the flooding height will increase up to 600-800mm in some areas, with a water velocity of up to five times the current rate. Lower Macleay farmers and residents will be severely impacted by such increases.

The RTA has expressed a reluctance to bridge the entire by-pass route due to the additional costs. It should be noted, however, that the required funds were provided for the bridging of the Karuah by-pass.
