RE: BACK CREEK SOUTH WEST ROCKS- RESERVE UPGRADES FEEDBACK.

South West Rocks Back Creek is one of our most beautiful east coast coastal saltwater creeks. The water way is used for fishing, marine craft, swimming and walking over the footbridge to the leash free dog beach amongst other things.

The area has the potential to be one of the best picnic spots on the mid north coast.

An onsite assessment of the location utilising the June 2020 plans along with the concept plans from 2017 was conducted on the 23 July 2020.

Police have no issues with the June 2020 plan and believe it will enhance the area making it possible for more people to enjoy and carry out the activities mentioned.

Adequate lighting is essential along with appropriate signage for parking and uses of the area.

A good quality CCTV system should be installed with its own power supply.
