

## Registration of Aviation Related Complaints (from 1 January 2020)

DATE	NATURE OF COMPLAINT (EG. NOISE, LOW FLYING, ETC)	COUNCIL COMMENT
13/3/20	Increase in pilot training activity. Noise from repetitive, low level circuit training. Circuits conducted at altitudes below 1000ft.	Customer reported directly to Airservices Australia. Council registered in Aviation Related complaints register and referred complaint to CASA in relation to low-flying, to investigate as they deem necessary. Customer was advised to also lodge complaint directly with CASA regarding low-flying aircraft.
15/3/20	Recent surge in low flying, noisy aircraft from the pilot training school. Aircraft flying below 1000ft.	Customer reported directly to CASA. Council registered in Aviation Related complaints register and also referred to complaint to CASA in relation to low-flying, to investigate as they deem necessary. Customer was advised to also lodge complaint regarding aircraft noise directly with Airservices as they will not accept complaints via a third party (ie Council).
1/4/20	Aircraft noise from pilot training circuits. Concern that pilot training is being undertaken during COVID-19 and should be stopped as it is non essential and adding additional stress and mental health issues to residents during self isolation.	Registered the complaint in KSC Aviation Complaints Register. Customer was advised to also lodge complaint regarding aircraft noise directly with Airservices as they will not accept complaints via a third party (ie Council). Also concerns relating to breaches of coronavirus laws should be referred to crime stoppers. AirServices Australia advised the following: <i>At this time, flight schools are permitted to operate. Only businesses listed by the Federal Government as non-essential have restrictions placed on them: <a href="https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services">https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services</a>.</i> <i>All other services are able to continue operations. We understand circuit-training activities are causing you distress, however this is one of the services permitted to continue operating. Flight training provides employment and therefore helps bolster the economy in these troubled times.</i>

2/4/20	Complaint (ongoing) regarding continual noise from AIAC's low flying aircraft in conducting repetitive circuit training, particularly on 1/4/20 and 2/4/20.	Council registered in Aviation Related complaints register and also referred to complaint to CASA in relation to low-flying, to investigate as they deem necessary.  Customer reported directly to AirServices Australia regarding aircraft noise.
15/4/20	Aircraft noise from pilot training and concerns with pilot training operations with no social distancing	Registered the complaint in the KSC Aviation Complaints Register.  Customer was advised to also lodge complaint regarding aircraft noise directly with Airservices as they will not accept complaints via a third party (ie Council).  Also concerns relating to breaches of coronavirus laws should be referred to crime stoppers. AirServices Australia advised the following: <i>At this time, flight schools are permitted to operate. Only businesses listed by the Federal Government as non-essential have restrictions placed on them:</i> <a href="https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services">https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services</a> .  <i>All other services are able to continue operations. We understand circuit-training activities are causing you distress, however this is one of the services permitted to continue operating. Flight training provides employment and therefore helps bolster the economy in these troubled times.</i>
16/4/20	Aircraft noise from pilot training - 5 days a week, intervals of 3 minutes. Concerned that pilot training is are still operating during the COVID19 restrictions	Registered the complaint in the KSC Aviation Complaints Register.  Customer was advised to also lodge complaint regarding aircraft noise directly with Airservices as they will not accept complaints via a third party (ie Council).  Also concerns relating to breaches of coronavirus laws should be referred to crime stoppers. AirServices Australia advised the following: <i>At this time, flight schools are permitted to operate. Only businesses listed by the Federal Government as non-essential have restrictions placed on them:</i> <a href="https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services">https://www.business.gov.au/risk-management/emergency-management/coronavirus-information-and-support-for-business/restrictions-on-non-essential-services</a> .  <i>All other services are able to continue operations.
