# FROM THE MAYOR

As the Kempsey Shire Mayor I am deeply honoured to introduce this final Operational Plan (OP) for this term of Council.

This 2024-25 OP is presented with our 2022-26 Delivery Program. These should be read in conjunction with the accompanying documents, including:

- The 2024-25 Schedule of Fees and Charges
- The 2024-25 Revenue Policy
- The 2024-25 Rates Map
- The 2024-34 Long Term Financial Plan

Together these documents provide the legislated high level of planning that is necessary in delivering on the outcomes laid out in the Community Strategic Plan.

Each of these documents are presented by the staff to Council for consideration in April. Councillors consider possible changes and options and then

resolve to place these drafts on public exhibition to enable community submissions. At the June meeting Council then resolves to adapt this suite of documents with any required changes.

This Council is committed to prioritising its long-term financial sustainability.

At the November 2023 Council Meeting we made the very difficult decision to apply to the NSW Government's Independent Pricing and Regulatory Tribunal (IPART) for a Special Rate Variation (SRV).

IPART partially approved Council's application, allowing an increase of 24.09% over two years. This approval reflects Council's clear need for additional income while

acknowledging community feedback on the proposed rise. Council accepts this decision as a fair outcome. There is a continued expectation on Council to focus on financial sustainability and close the gap between income and the cost of delivering the current level of service.

No one wants to raise rates. However, these increases, which have been included in our Operational Plan and budget for the 2024-25 financial year and in our Long Term Financial Plan, are necessary to ensure our ongoing financial sustainability.

We are continuing to advocate on your behalf to the higher levels of government who have contributed to us being in this difficult situation. This includes the State cost-shifting onto local government and the

continued reduction in Federal Government Financial Assistance Grants. The result is an average cost impost for each ratepayer of over \$460 a year.

Council is taking responsible actions to achieve financial sustainability. These ongoing actions are the result of high-level diligence by Council staff, led by the General Manager, Craig Milburn. I would like to acknowledge and thank the Council's leadership team and staff in their dedication to this task.

To the residents, businesses, community groups, and the many volunteers who make up our wonderful Kempsey Shire, I say thank you sincerely for your ongoing commitment and support.

Leo Hauville,

Mayor

# MESSAGE FROM THE GM

The 2024-25 Operational Plan is a responsible budget that targets financial sustainability, community engagement and core community infrastructure.

This document is part of a set of annual planning and reporting documents, including Council's Fees and Charges, Revenue Policy, Rates Maps, and the 2024-2034 Long Term Financial Plan.

It represents the path to achieving Council's goals for the current term and our next step on the roadmap for financial sustainability.

This Plan allocates significant funding to critical and essential community services, including:

- Roads and Bridges - \$37.7 million
- Water services - \$23.0 million
- Sewer services - \$23.4 million
- Waste services - \$18.8 million.

The budget also includes a 7.9% rate rise in line with the recent decision by the NSW Independent Pricing and Regulatory Tribunal (IPART) IPART to approve a special rate variation of 24.09% over the next two financial years.

## **A FINANCIALLY RESPONSIBLE BUDGET**

This rate rise reflects Council's adopted position to prioritise our goal of financial sustainability in order to safeguard our shire for future generations.

The revised 10-year Long Term Financial Plan includes the rate rises approved by IPART. While the approved special rate variation was not the full amount that Council applied for, it will provide critically needed additional income. As noted by IPART in its decision, the approved increases will allow Council to maintain a more stable financial position over the next two years, while we undertake further work to reduce costs and improve our

financial sustainability through alternative means.

Despite the approved increases, our financial forecasts show that Council remains in an ongoing deficit position. As a result, Council will continue to seek further savings and productivity improvements. This has been a primary focus for more than five years.

Our revised Financial Sustainability Program will be critical to achieving the financial improvements that we need to make. This important body of work will be delivered over the next financial year and will include the review and in some cases reduction of service levels and asset maintenance schedules to ensure Council remain financially sustainable.

We will also continue to advocate to other levels of government for improved and increased funding for the local government sector to lessen the burden on the community. We have

recently made submissions to both the State and Federal Government inquiries into the financial sustainability of the local government sector.

## **INVESTING IN CORE COMMUNITY INFRASTRUCTURE**

Although we have tightened our belt, the plan for 2024-25 still includes strong investment in our community. We are focusing on essential infrastructure upgrades, ongoing natural disaster recovery works and investment in our financial future, funded largely through grants or sources restricted to that use.

We know that safe, reliable, and sustainable water and sewer services are vital to our community. To this end we continue to work on the significant capital program worth over \$300M over the next ten years. This includes new water treatment plants for Willawarrin, Crescent Head, Kempsey and the Lower Macleay and new sewage treatment

plants for Stuarts Point, Kempsey, and Frederickton.

In the last year, Council replaced 56 timber bridges under the Fixing Country Bridges Program and carried out rectification on the Devils Nook landslip on Armidale Road. In the coming year, we will continue to deliver on repair works resulting from recent floods, including \$3.1 million invested on Dungay Creek bridges and causeway.

Improving our road network remains a top priority for the Council. While we have less grant funded projects overall, the 2024-25 plan contains approximately \$37.7 million allocated for works including Armidale Road, Toose Road, Middleton Street, South West Rocks Road and Plummers Lane.

The Shires' waste management will take a huge step this year as we will cap Cell 3 and bring Cell 4 online for landfill at the Crescent Head Waste Management Centre as well as implementing

the waste management strategy that will improve the shire's waste processes over the next 10 years.

We continue work on significant grant-funded, multi-year projects included in our Delivery Program. Works continue on the sealing of Maria River Road in partnership with Port Macquarie-Hastings Council. In this financial year we will also deliver \$4.2 million in upgrades to Kempsey Regional Saleyards and \$4 million at Kempsey Airport in works to improve the runway, lighting and emergency facilities, in both cases making big steps to completing these projects.

Additionally, we are investing the money earned from our holiday parks into upgrades and improvements. Highlights include

the replacement of cabins with tiny homes at Horseshoe Bay, the installation of safari tents in Crescent Head and road improvements in Hat Head and Stuarts Point. These assets provide an important ongoing source of income and tourism growth for the Shire.

Sports in the Shire will get a boost with construction of the multi-purpose pavilion in Kempsey, a \$4.3 million grant funded implementation of the Verge and Eden Streets sports complex master plan. We will also deliver \$7 million of works over the next two years on the Kempsey Riverside Park Foreshore and Riverbank Stabilisation.

The extensive community engagement process

undertaken around the SRV issue showed the importance of involving the community in decision-making and this will continue to be a priority for Council. Your Councillors, management and staff remain dedicated to meeting all challenges.

These continue to be difficult times, but we are better together. Thank you for your ongoing support.

Craig Milburn,  
General Manager

# OUR COMMUNITY

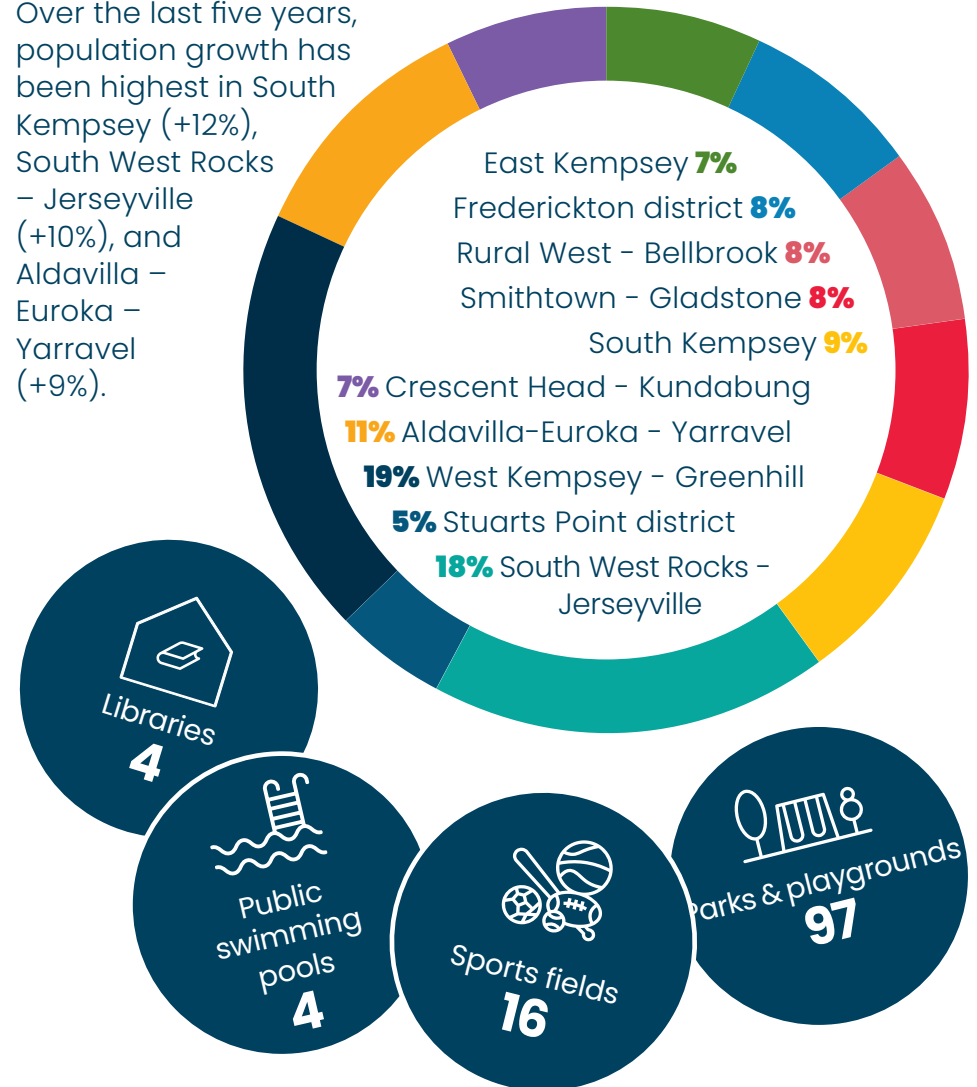

## DEMOGRAPHICS

Source: ABS Census 2021

## WHERE WE LIVE

Over the last five years, population growth has been highest in South Kempsey (+12%), South West Rocks – Jerseyville (+10%), and Aldavilla – Euroka – Yarravel (+9%).

## OUR ECONOMY

# OUR VISION STATEMENT

A vision statement is unlike any other strategic element. It is not comprehensive, it is not measurable and it is not about now. It's a postcard from the future, declaring in a single statement what the community wants to be. Framed in aspirational, forward-thinking language, visions should be creative, ambitious, and have a logical connection to the community.

The 2042: Your Future vision statement was crafted by bringing together the priorities, visions and strengths identified by the community and framing it in plain language that is memorable and unique to our shire. The statement provides the guiding principle for all Integrated Planning documents and Council's activities.

## OUR VISION OUR 2042

From the mountains to the sea, our people are given the opportunities and infrastructure to build a safe, sustainable and welcoming community

*Marrungbu*

## VISION AND VALUES

### Corporate Vision

Lead and work with our community to build an inspired, connected Macleay Valley

### Corporate Values

#### PASSION

- We approach our work with enthusiasm and drive
- We inspire others with our thirst for excellence
- We take pride in the work and service we deliver

#### INTEGRITY

- We will do what we say
- We will act ethically and honestly
- We build the trust and confidence of the community and staff
- We are reliable, accountable and fair

# OUR COUNCIL

An elected Mayor and eight Councillors makes up the Kempsey Shire Council

## INNOVATION

- We challenge the status quo and have the courage to take risks, to achieve creative and efficient solutions
- We encourage and embrace positive change in the way we work

## RESPECT

- We consider our workmates, community, the workplace and environment
- We treat people as we would like to be treated

## COLLABORATION

- We work together to achieve a shared vision
- We are connected and care for each other
- We encourage and pay attention to those around us

## COMMUNICATION

- We ensure open communication for all
- We actively listen and consult
- We provide timely and quality information

# OUR PLANS

## INTEGRATED PLANNING OVERVIEW

Council's Integrated Planning and Reporting ensures the long term integration of community needs and government plans with adequate resourcing of people, money and assets. As required by the Local Government Act 1993, this combined Delivery Program and Operational Plan:

- Provides a four-year outlook of key activities for the Delivery Program 2022-26 that works towards achieving the objectives outlined in Council's Community Strategic Plan 2042: Your Future
- Details programs, projects, and activities to be delivered in the 2024-25 financial year as the Operational Plan

- Includes a budget for activities to be undertaken in 2024-25
- Allocates responsibility and identifies performance measures to monitor progress
- Includes a Statement of Revenue Policy

The plan should be viewed in conjunction with Council's Long Term Financial Plan which provides a ten-year view of Council's financial position.

The relationship between this Plan and the other key Council planning documents is demonstrated in the Integrated Planning and Reporting Framework diagram.

## 2042 COMMUNITY STRATEGIC PLAN

The highest level of planning undertaken by Council and the community, including an overarching 20-year vision, goals and strategies for community, agencies and governments to deliver the vision.

## 2022 – 2026 DELIVERY PROGRAM

A commitment for the legislated four-year term of Council to deliver on those goals and strategies from the Community Strategic Plan that can be influenced by Council actions and services.

Shows key projects and funding allocations.

## 2024 – 2025 OPERATIONAL PLAN

Council's annual plan including the individual projects, program and activities undertaken that year to achieve the Delivery Program commitments. Allocated responsibilities and performance measures to create reporting transparency.

Combined in this document with the Delivery Program and will be updated every year of the Council term.

## RESOURCING STRATEGY

Contains three integrated elements:

- Long Term Financial Plan (ten years)
- Asset Management Strategy and Plans (ten years)
- Workforce Strategy (four years)

These elements explain Council's ability to provide the resources – money, people and assets – to achieve the Delivery Program and Operational Plan and ultimately achieve the communities long term vision.

## READING OUR PLANS

The first part of the document sets the scene with an overview from the General Manager and key planning statistics and facts that represent our Shire and the organisation.

The Vision is a single sentence aspiration that is unique to the Shire. The organisational Values help explain the sense of purpose that Council staff bring to their work.

The financial overview summarises the income statement, key areas of expenditure and how Council's funding is generated. More detailed financial information is available in the Long Term Financial Plan and summary of capital works projects over \$50,000 in Appendix 2.

Arranging the plan into four colour coded focus areas of Environment, Economy, Community and Leadership gives structure and alignment directly to the Community Strategic Plan. Each focus area links the objectives of that 2042 Plan, with the relevant Delivery Program actions and Council services that are responsible.

Major Projects are featured in each Focus Area to highlight significant achievements and milestones

planned across the four years of the Delivery Program timeline.

The Operational Plan tables then go into more specific detail linking the Delivery Program with individual actions for the 2024-25 financial year and highlighting the section of Council responsible and how performance will be measured.

### PERFORMANCE MEASURES

The performance measures listed against each OP action outlines the target for the 24-25 year. Council staff make every attempt to ensure they meet these targets. Some target dates may be delayed due to a range of unexpected or uncontrolled factors including legislation changes, grant funding, and natural disaster impacts.

In some performance areas, due to the size of the project/works being completed, work is managed and delivered in accordance with a program or schedule of works or strategy actions. Where there is a program, schedule of works or strategy is being used to manage the work, this will be reflected in the performance measure. Should the community have questions around a specific project, they can contact council for further information.

## FOCUS AREA

# ENVIRONMENT

Enhancing and protecting our natural and built environment

## COMMUNITY STRATEGIC PLAN OBJECTIVES

outcomes the community anticipates

Our rivers, beaches and water catchments are protected and thrive.

Changes to our towns and villages balance the needs of built and natural environments.

Everyone has access to healthy and safe lifestyles.

The risks of natural hazards and climate change are recognised and acted upon.

### Focus Area

the content of the Plan is divided into four key focus areas.

## DELIVERY PROGRAM ACTIONS

- Provide and manage waste management services and facilities
- Provide high quality, reliable sewage collection and treatment services
- Provide secure, reliable drinking water and required infrastructure
- Provide and maintain effective stormwater drainage systems
- Manage and improve the health of estuary ecosystems and waterways
- Manage and protect natural ecosystems
- Plan for and support sustainable development that considers the current and future needs of our community
- Support community health and safety by enforcing regulatory requirements
- Strengthen and promote inclusion and fairness to support community participation
- Plan for and respond to emergencies by improving infrastructure and working with other agencies

### Objective

What are we working towards?

The long-term aspirational outcome that the community imagines.

### Actions

How will we get there?

The activities & actions that will contribute to achieving the objectives.

## COUNCIL SERVICES SUPPORTING THE FOCUS AREA

Waste and Recycling

Water and Sewer

Stormwater

Rangers

Regulatory Services

Strategic and Asset Planning

Environmental planning and regulation

Floodplain management

### Services

Who can help?

The Council services that will have a role in delivering the strategies.

# OUR FINANCES

## 2024-25 BUDGET STATEMENT

**Rates and Annual Charges** - Local taxes levied by Local Government based on the value of the property

**User Charges and Fees** - A cost made in relation to a specified service provided by Council

**Interest Received** - From financial institutions on Council investments

**Grants** - From other levels of government to assist in providing Council services

**Contributions** - Charged to developers etc. towards providing Council services

**Other revenues** - Other income

**Operating Result** - The balance of income vs expenditure. When this figure is nil Council has a balanced budget which means its sources of income for the year equals its expenditure for the year

2024-25 Budget Statement	General Fund	Water Fund	Sewer Fund	Consolidated
	2024-25	2024-25	2024-25	2024-25
	\$'000	\$'000	\$'000	\$'000
<b>Income</b>				
Rates & Annual Charges	32,891	6,244	17,069	56,204
User Charges & Fees	9,461	10,526	2,018	22,005
Other Revenues	2,208	24	6	2,237
Grants & Contributions provided for Operating Purposes	13,607	227	187	14,021
Grants & Contributions provided for Capital Purposes	30,718	1,224	1,405	33,347
Interest & Investment Revenue	2,767	1,041	1,244	5,052
<b>Total Income from Continuing Operations</b>	<b>91,652</b>	<b>19,285</b>	<b>21,929</b>	<b>132,866</b>
<b>Expenses</b>				
Employee Benefits & On-Costs	26,089	4,225	4,048	34,361
Borrowing Costs	861	834	575	2,269
Materials & Contracts	18,159	6,680	7,002	31,840
Depreciation & Amortisation	15,255	4,476	4,441	24,172
Other Expenses	4,947	- 0	- 0	4,947
<b>Total Expenses from Continuing Operations</b>	<b>65,311</b>	<b>16,214</b>	<b>16,065</b>	<b>97,590</b>
<b>Net Operating Result for the Year</b>	<b>26,341</b>	<b>3,071</b>	<b>5,864</b>	<b>35,275</b>
<b>Net Operating Result before Grants and Contributions provided for Capital Purposes</b>	<b>(4,377)</b>	<b>1,848</b>	<b>4,458</b>	<b>1,929</b>

**Employee costs** -

All costs related to employees including wages and salaries, workers compensation, employee leave entitlements, superannuation, fringe benefits taxation payroll taxation and travelling but not including employee costs associated with asset construction

**Materials and contracts** - Includes all materials and contracts used in delivering operational activities

**Depreciation** - estimated amount that Council's assets will deteriorate in the financial year

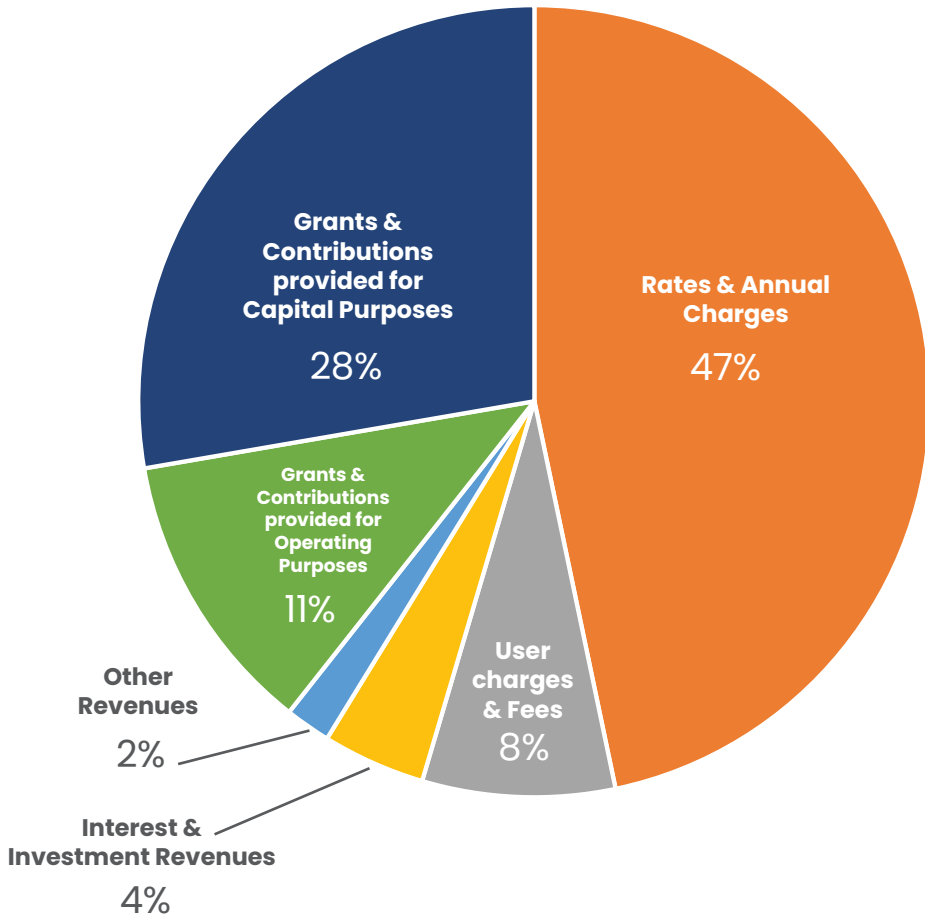

**Borrowing costs** - Interest paid on loans

**Other expenses** - Includes all sundry expenses not broken down above

## REVENUE FORECASTS

This graph shows how Council anticipates receiving income including Rates and Annual Charges (\$56.2M), Grants and

Contributions (\$14M for Operating Projects and \$33.3M for Capital Projects)

## EXPENDITURE FORECASTS

The graph shows the key costs Council expect for the year including Employee Benefits and On-

Costs (\$34.4M), Materials and Contracts (\$31.8M) and Depreciation and Amortisation (\$24.2M)

# WHAT ARE COUNCIL DELIVERING?

Council provides a range of ongoing services to the community, many of which are a regulated function of Local Government.

These services account for a significant part of Council's expenditure. Key services are summarised here including the investment allocated for the 2024-25 financial year.

## Development & Compliance

**\$4.3M**

Building Control  
Development Processing and Management  
Regulatory Enforcement

## Commercial Business

**\$25.2M**

Airport  
Saleyards  
Holiday Parks  
Economic Development  
Property

## Waste Services

**\$18.8M**

Waste Management, Waste Transfer Stations and Waste Collection Services

## Recreation

**\$11.6M**

Maintenance and renewal of parks, gardens and sporting grounds

## Stormwater Drainage & Floodplain Management

**\$7.5M**

Repair, maintenance and planning

## Water Services

**\$23M**

Water supply operations, maintenance and capital improvement

## Roads & Bridges

**\$37.7M**

Maintenance and renewal of sealed and unsealed roads

## Sewer Services

**\$23.4M**

Operations, maintenance and capital improvement

## Strategic & Asset Planning

**\$4.8M**

Design and planning for future assets and plans

## Corporate Governance & IT

**\$7.6M**

Administration, risk management, IT services and improvements

## Community Partnerships

**\$4.8M**

Customer service, community projects, Library and communications

Strategic and Asset Planning

Environmental Planning and Regulation

Floodplain Management

# DELIVERY PROGRAM MAJOR PROJECTS

## Waste Management Master Plan

including a new landfill cell

Developing and implementing a master plan for the waste management centre will enable Council to reconfigure the site to support more efficient processing, ensure safe site operations through a traffic management plan, manage the vegetation to allow for expansion of the current operational footprint and improve leachate management on site.

## Providing safe water with infrastructure investment

The reliability and quality of the Kempsey Lower Macleay water supply will be secured with the installation of an approximately \$28M water treatment plant to service the Steuart McIntyre Dam, providing 12 megalitres of water per day. Additional new water treatment plants will be constructed at Willawarrin and Crescent Head.

## Kempsey CBD Foreshore

revitalising the connection between business, community, and the Macleay River.

Well-designed public spaces supports local character, active lifestyles and provides communities with a sense of wellbeing and belonging. The Kempsey CBD foreshore adjoining the Macleay River is the heart of the community, a vital community space creating opportunity for events and social connection. Developing a master plan for this area will allow Council and the community to design a fit-for-purpose public space, reducing the impact of natural events.

## Major sewer system upgrades

for Stuarts Point and Central Kempsey

The communities of Stuart Point, Grassy Head and Fishermans Reach will gain environmental, health and economic benefits from investment into construction of the Stuarts Point Sewerage Scheme.

In 2024-25 Council will progress the investigation and design of a new Central Kempsey wastewater treatment plant, including transfer from Frederickton and South Kempsey to the new Central Kempsey plant.

**Flood Risk Management** planning for Kempsey CBD and Lower Macleay

Over several years Council has been working to review, update and implement flood risk management planning for the lower Macleay and Kempsey CBD. This work continues to be a focus with an expectation to complete the Lower Macleay Flood Risk Assessment and Management Plan, undertake a strategic review of flood warning system and implement improvement actions and investigate the feasibility of undertaking an Upper Macleay Flood study over the next three years.

**Land use planning** the key to managing future growth

Directions for future growth and development across the Shire will be established through multiple land use strategic planning studies to be undertaken over the next four years. A Structure Plan and Development Control Plan for South West Rocks will guide predicted growth in the village while the Local Growth Management Strategy that covers housing choice, employment land, landscape and character and infrastructure needs in growth areas will be implemented.

# OPERATIONAL PLAN ACTION SUMMARY

## 37 ANNUAL PROGRAMS

- Waterwise and Waste education
- Waste management operations
- Sewer main renewal program
- Water services
- Sewer planned maintenance
- Unplanned repairs to water and sewer network
- Pumping stations renewal
- Drinking Water Management System
- Water meter replacement program
- Stormwater construction and defect remediation
- Water quality monitoring
- Weed inspection and reduction programs
- Development assessments
- Environmental and renewable actions
- Building Fire Safety inspections
- Swimming pool inspections
- Ranger services
- Public Health inspections
- Emergency response
- Flood mitigation infrastructure maintenance

NUMBER OF SNOI  
66  
PLANNED ACT

Note: A summary of annual programs and projects has been presented. Refer to Appendix 2 for details.

## **26** MULTI-YEAR PROJECTS

- Central Kempsey Wastewater Treatment Plant
- Stuarts Point Sewerage Scheme
- Integrated Water Cycle Management Strategy implementation
- Willawarrin Water Treatment Plant
- Steuart McIntyre Dam Water Treatment Plant
- Crescent Head Water Treatment Plant
- Beach profile monitoring for Hat Head
- Rudder Park Flying Fox Management Plan
- Kempsey Central Business District Masterplan
- Macleay Hastings Koala Recovery Project
- Kempsey Koala Plan of Management
- Riparian vegetation improvements at Christmas Creek
- Coastal Management Program
- Tropical soda apple control program
- Council Long term Renewable Energy and Water Strategy
- Local Growth Management Strategy
- Crescent Head Public Domain Plan
- Review of flood warning monitoring system
- Lower Macleay Flood Risk Assessment and Management plan
- Implementation of Waste Management Centre Masterplan
- Investigation and design for new Kempsey pound
- Stormwater / Groundwater Study management plan for Stuarts Point, Fishermans Reach and Grassy Head
- Implement Signage Strategy
- Water and sewer servicing strategies
- Kempsey Shire Development Control Plan
- Hat Head beach access
- Riverside Park foreshore and riverbank stabilisation
- Water and sewer SCADA and communication system upgrades
- Review of South West Rocks Developer Contributions Plan

## **3** NEW 2024-25 PROJECTS

- Stuarts Point Structure Plan
- Rehabilitation of Boyters Lane
- Development of environmental education materials

# FOCUS AREA

# ECONOMY

*Boosting and evolving  
Kempsey Shire's prosperous  
economy*

## COMMUNITY STRATEGIC PLAN OBJECTIVES

*outcomes the community anticipates*

Our local economy is strong and provides diverse employment

Opportunities for work, education and entertainment are available across the Shire

Quality transport and communication infrastructure makes it appealing to live in, work in and visit the Macleay

## DELIVERY PROGRAM ACTIONS

- Work with business and community to build economic and employment capacity
- Provide and maintain community and commercial business facilities
- Provide and maintain specialist businesses that meet community needs
- Deliver and improve
  - library access, facilities and services
- Maintain and improve the local transport network and infrastructure
- Build and maintain safe and accessible footpaths

# COUNCIL SERVICES SUPPORTING THE FOCUS AREA

Kempsey Regional Saleyards

Slim Dusty Centre

Cemeteries

Kempsey Airport

Libraries

Transport network including roads, bridges  
and footpaths

Economic Development

Macleay Valley Coast Holiday Parks

Tourism Marketing

# DELIVERY PROGRAM MAJOR PROJECTS

## **Kempsey Regional Saleyards** major upgrade

The \$9M grant funded investment will ensure the facility remains a competitive regional saleyard for the Mid North Coast. Improvements include new roofing, additional cattle yards, amenities, office, kiosk and landscaping.

## **Sealing Maria River Road** a shared project delivery

The 30km length of road linking Crescent Head and Port Macquarie will no longer be a wet weather and safety hazard after delivery of the \$25M project to seal the entire length. Delivery is being managed by Port Macquarie-Hastings Council following the successful joint grant application under the NSW Government's Fixing Country roads Program.

## **Kempsey Airport** benefits from investment in safety and additional use

Critical infrastructure projects including installing wildlife fencing, reseal and repairs to the runway will improve the safety, operation and utilisation of this important community asset.

## **Macleay Valley Coast Holiday Parks** set to become tourist favourites

Delivering on the 10 Year concept plans adopted by Council in April 2021 will see improvements such as installing and replacing cabins and glamping tents, improving communal facilities and creating accessible accommodation across our five unique coastal parks at Hat Head, Stuarts Point, Grassy Head, South West Rocks and Crescent Head.

### **Timber bridge replacement** program

The \$22M program, funded by the NSW Government’s Fixing Country Bridges Program and contributions by the Federal Government and Council, will replace 56 timber bridges across the Valley with concrete structures making them safer, more durable and able to withstand larger loads. Delivery of the bridges will be welcome news to the agricultural industry and rural residents.

### **Horseshoe Bay Reserve** delivering on the masterplan

The Horseshoe Bay Master Plan, adopted in 2019, sets out the vision for this iconic coastal reserve, seeking to improve the amenity and use while maintaining the stunning natural beauty and heritage. Delivery on that vision started in 2023-24 with road access, new car parking and footpaths being designed and constructed. Landscaping, shelters and seating according to the masterplan will be delivered where funding permits.

# OPERATIONAL PLAN ACTION SUMMARY

## 20 ANNUAL PROGRAMS

- Manage and maintain Council owned buildings
- Economic Development strategy implementation
- Economic Development events
- Destination marketing program
- Kempsey Airport management and capital improvements
- Cemeteries maintenance and management
- Macleay Valley Coast Holiday Parks management and capital improvements
- Library services
- Bridge maintenance and replacement programs
- Kerb and gutter replacement program
- Sealed and unsealed road maintenance and rehabilitation programs
- Footpath refurbishment and maintenance programs

NUMBER OF SNOIT  
30  
PLANNED ACT

Note: A summary of annual programs and projects has been presented. Refer to Appendix 2 for details.

## **MULTI-YEAR PROJECTS**

- Saleyards redevelopment
- Road and bridge damage rectification caused by natural disasters
- Sealing of Maria River Road
- Pedestrian Access Mobility Plan high priority initiatives
- Council Bike Plan high priority initiatives
- Slim Dusty Centre improvements
- Redesign and refurbishment of Council depot
- Verge/Eden Street Masterplan implementation
- Five Headlands Coastal Experience

## **NEW 2024-25 PROJECTS**

- South West Rocks Library Refurbishment

## FOCUS AREA

# COMMUNITY

*Creating and celebrating a supportive, connected community*

## COMMUNITY STRATEGIC PLAN OBJECTIVES

*outcomes the community anticipates*

Our diversity, heritage and creativity are proudly embraced

Strong physical and emotional connections boost our quality of life

## DELIVERY PROGRAM ACTIONS

- Build capacity and support for cultural opportunities, sports and events
- Partner with others to support and develop our community
- Work with Indigenous communities and organisations to promote inclusion and connection through cultural opportunities and events
- Inspire connection, equality and inclusion in our community
- Provide and maintain recreation facilities to support an active and healthy community
- Partner with others to support and promote community events, education and entertainment opportunities
- Protect our community and improve public safety

# COUNCIL SERVICES SUPPORTING THE FOCUS AREA

Community Development

Arts and Culture

Events

Open space, parks and recreation

Pools

Wharves, jetties and water recreation

Public safety and Surf Lifesaving

Rangers

# DELIVERY PROGRAM MAJOR PROJECTS

## **New animal pound** meeting future standards

An animal management facility that meets contemporary regulations is planned to be constructed on the current site as the co-located Frederickton sewage treatment plant, which is planned to be decommissioned. The new facility will be a multi-functional building that meets animal welfare standards and the current and future needs of the Shire, whilst allowing the Council's Rangers to operate seamlessly with local volunteer rehoming agencies.

## **A Library and Community Hub** planning to meet the needs of South West Rocks

Council and the SWR community understand there is a need for an innovative and expanded Library and Community Hub in the village. At this point funding is not available. A modest refurbishment to improve the amenity of the existing library is scheduled in 2024-25.

## **Slim Dusty Centre** becoming a key community asset

The Slim Dusty Centre is a key cultural tourism attraction and meets the community's needs for increased arts and cultural facilities now that it's owned and operated by Council. Operational efficiency and visitation will be improved through construction of outdoor shade sails, installation of solar panels and electric vehicle charging stations and reconfiguring the building layout to create increased venue hire options and expanded arts and culture spaces.

### **Arts and Cultural Plan** to guide future investment

Development of an Arts and Culture Plan will involve significant engagement with local artists and creatives, industry and community. The Plan will guide Council's future planning and delivery of cultural infrastructure, events, programs and partnerships.

### **Reconciliation** journey formalised with a Plan

Council's Reconciliation Action Plan is at the baseline Reflect level which lays the foundations for improving the knowledge and awareness of reconciliation within the organisation. Designed around the themes of Relationships, Respect, Opportunities and Governance, implementation will start, community conversations will continue and the journey of reconciliation will be closer.

# OPERATIONAL PLAN ACTION SUMMARY

## 21 ANNUAL PROGRAMS

- Arts and cultural event programs
- Support community to access grant funding
- Community connection programs
- Work with Aboriginal community to honour and communicate cultural heritage
- Arts Mid North Coast
- Community grant program
- Disability Inclusion Action Plan
- Manage swimming pools in accordance with contacts
- Monitor and enforce parking restrictions
- Boat ramp maintenance program
- Maintain open space areas and recreation facilities
- Wharf, jetty and footbridge maintenance and replacement program
- Public carpark maintenance
- Sports field maintenance
- Playground inspection and maintenance
- Public toilet cleaning and maintenance
- Maintenance or upgrade of RFS assets
- Operate and maintain Public Security Systems (CCTV)
- Provision of surf lifesaving services

NUMBER OF SNOIIT  
28  
PLANNED ACT

## **06** MULTI-YEAR PROJECTS

- Verge/Eden street sports complex masterplan
- Implementation of Reconciliation Action Plan
- Crescent Head foreshore asbestos remediation
- Kemp Street Sporting complex and Service Clubs Park
- Resilience Canopy Program
- Lloyd Park revitalisation

## **01** NEW 2024-25 PROJECTS

- Investigate becoming a dementia friendly organisation

Note: A summary of annual programs and projects has been presented. Refer to Appendix 2 for details.

# FOCUS AREA

# LEADERSHIP

*Valued, informed leadership that engages and inspires the community.*

## COMMUNITY STRATEGIC PLAN OBJECTIVES

*outcomes the community anticipates*

Meaningful, informed partnerships and evidence guide our decision making

Community and civic leadership create pride in our valley and its reputation

Council is a trusted community focused organisation

## DELIVERY PROGRAM ACTIONS

- Meet community needs and expectations and fulfill Council's responsibilities
- Deliver and improve corporate performance, assets, risk and management systems
- Provide a productive and safe Council working environment
- Manage our money and assets to be sustainable now and in the future

# COUNCIL SERVICES SUPPORTING THE FOCUS AREA

Customer Service

Community engagement

Communications

Workforce management

Fleet operations

Procurement

Governance and information services

Internal Audit

Financial services

Corporate projects and reporting

# DELIVERY PROGRAM MAJOR PROJECTS

## Service Review

linked to financial sustainability program

Council's financial sustainability strategy was adopted in 2022 to deliver improved financial processes and longer-term improvements in financial sustainability. While significant progress has been made, a comprehensive review of Council services and how they are delivered will form a key component of the next stage to improve Council's financial position.

## Managing Cybersecurity

to address corporate risk

A Cybersecurity Strategy has been developed to address the risk posed by an attack. The Strategy details initiatives and actions to be implemented to ensure the safety of Council's key assets, systems and data and information. These critical actions will be progressively implemented over this four-year term to ensure the cybersecurity risk is appropriately managed.

## Readiness and Recovery

to address the threat of natural disaster

Council led planning and delivery of the Recovery Action Plan, implemented through significant grant funding since the 2019 Black Summer Bushfires, has resulted in successful built, natural, economic and social recovery programs. Further Readiness and Recovery programs have been grant funded and will focus on flood support and education, embedded within Council's Community Development section.

# OPERATIONAL PLAN ACTION SUMMARY

## 26 ANNUAL PROGRAMS

- Customer Service
- Internal and external communications
- Community engagement
- Community development
- Integrated planning and reporting
- Workforce management
- Fleet management
- Procurement
- Information and communication technology renewal program
- Governance and information services programs
- Cyber security strategy implementation
- Internal Audit
- Monitoring and reporting on Council's financial position including the Annual Financial Statements

NUMBER OF SNOUTI  
38  
PLANNED ACT

Note: A summary of annual programs and projects has been presented. Refer to Appendix 2 for details.

## **05** MULTI-YEAR PROJECTS

- Financial Sustainability Program implementation
- State Records Act 1998 revisions - implementation of training and priority actions
- Ensure compliance with Public Interest Disclosures Act 2022
- Review of rating structures and policy
- Developer Contributions process improvements

## **07** NEW 2024-25 PROJECTS

- 2024 Council Election
- Deliver Councillor induction and professional development plans
- CSP review, new DP and Resourcing Strategy
- Conduct a Climate Change Risk, Adaptation & Mitigation Assessment
- Help ratepayers understand approved future rate increases and hardship relief
- Organisation Cultural Refocus Program
- Investigate the use of electronic vehicles in Council's fleet to achieve sustainability outcomes and cost savings

# APPENDIX 1
