Heritage Festival 5th - 20th April 2008
Port Macquarie-Hastings & Kempsey

Foreword

The old saying 'there is no place like home' springs to mind during the 2008 Kempsey and Port Macquarie-Hastings Heritage Festival.

This year's theme, 'Our Place' means many things to many people, be it a home, a building, a street, an historic site or a museum. It conjures up many images in the mind's eye. Rather than just imagining the many historical and cultural treasures in our region, during the Heritage Festival and, in fact, all through the year, we encourage everyone to see, feel and experience these treasures first hand.

This is the third year that Port Macquarie-Hastings Council and Kempsey Shire Council have joined forces during the NSW National Trust's Heritage Festival.

Our regions share many similarities, be they our natural beauty, our significant convict and historic heritage, our cultural diversity or our relaxed way of life. We also share a vision to protect what we have for future generations to enjoy.

As civic leaders, we are the current custodians of 'Our Place' and it is our responsibility to make sure it is able to be shared and enjoyed by all.

During this year's Heritage Festival, we encourage everyone in our communities to take the time to participate in the many activities, tours, demonstrations, displays and performances highlighting our past. Experiencing the past helps build better understanding for the future.

There are many people in our community who work tirelessly to ensure that our heritage is preserved for future generations to experience and enjoy, for that, we are eternally grateful.
